07 TONE OF VOICE

OUR VOICE

As a neobank, we marry the spirit of change with the heft of a traditional financial institution. We want to motivate every Indian to do more with their money. Thus, as a brand we sound approachable by being:

Direct. Optimistic. Inclusive.
Motivating. Reassuring.

DIRECT

We never beat around the bush.
We convey information very simply.
But clear communication doesn't make us blunt –
it just means we uncomplicate.

JUMPP says:

The more payments you make, the more rewards you win.

JUMPP does not say:

The payments and rewards system is set up to help you make the most of our app.

JUMPP says:

'Your LoanIt amount is ready for you.'

JUMPP does not say:

'Your LoanIt amount of xyz has been disbursed into your Jumpp account successfully. It is now ready for your use. As you pay more over time, the rewards you receive increase.'

OPTIMISTIC

We speak to possibility and aspirations of a brighter future.
But we don't give guarantees and make promises we can't deliver on.

JUMPP says:

Let Jumpp be the springboard that turns financial potential into prosperity.

JUMPP does not say:

When Jumpp is your springboard, you can triple your money in a year!

JUMPP says:

'You've made the Jumpp!'

JUMPP does not say:

'Congratulations on that fabulous Jumpp! Your money's already tripling!'

OUR VOICE

As a neobank, we marry the spirit of change with the heft of a traditional financial institution. We want to motivate every Indian to do more with their money. Thus, as a brand we sound approachable by being:

**Direct. Optimistic. Inclusive.
Motivating. Reassuring.**

INCLUSIVE

We speak to every Indian – making our app accessible to all. This means our communication is centered around the customers – ensuring that we don't alienate them.

JUMPP says:

A bucket list trip. A better job. A bigger home. Your dreams are moving ahead, so why isn't your money?

JUMPP does not say:

Saving for a trip to Ibiza? Or looking to buy that Balenciaga handbag? It's time to make your money move so your dreams can get moving.

MOTIVATING

We encourage our users to make the most of their money in novel ways. But we're steering them in the right direction – not starting a revolution.

JUMPP says:

The opportunities are endless when your money takes the leap.

JUMPP does not say:

The time has come to take the leap. The financial revolution is here.

JUMPP says:

'Ready to launch your dreams?'

JUMPP does not say:

'Are you set to change the game? Rebel against the age old ways of managing personal finances and launch your

OUR VOICE

As a neobank, we marry the spirit of change with the heft of a traditional financial institution. We want to motivate every Indian to do more with their money. Thus, as a brand we sound approachable by being:

Direct. Optimistic. Inclusive.
Motivating. Reassuring.

REASSURING

We have a sense of empathy and understand where our consumers come from.

So, we acknowledge their concerns – never belittling them or urging them to a point of discomfort.

JUMPP says:

Is it the safety of doing things the same way - not risking anything, worried to stray?

JUMPP does not say:

The traditional ways of banking are out and it's time to change your financial habits.

JUMPP says:

ACTION

Our primary creative device is action-oriented language. Our communication always carries a sense of momentum in it – a sense of moving forward.

E.g. Our sub brands are also named in tandem with speed/motion – Invest Up and Pay Fast.

08
IDENTITY

THE LOGO

Jumpp is inspired by the idea of a springboard where consumers can leap to a better financial future through our app - a strong and flexible launchpad.

Our logo strives to incorporate this sense of momentum with carefully crafted elements. The free-flowing nature of the 'j' captures the process of putting things in motion. The first character's ease and dynamism are balanced by making the remaining letters robust. This conveys the heft of a banking institution along with attributes like reliability and security.

BRAND IDENTITY

The brand identity logo for jumpp is displayed on a solid yellow background. The word 'jumpp' is written in a dark blue, sans-serif font. The lowercase 'j' is stylized with a long, flowing, cursive-like tail that loops around the bottom left of the word. The remaining letters 'u', 'm', 'p', 'p' are in a clean, bold, uppercase sans-serif font.

APP ICON

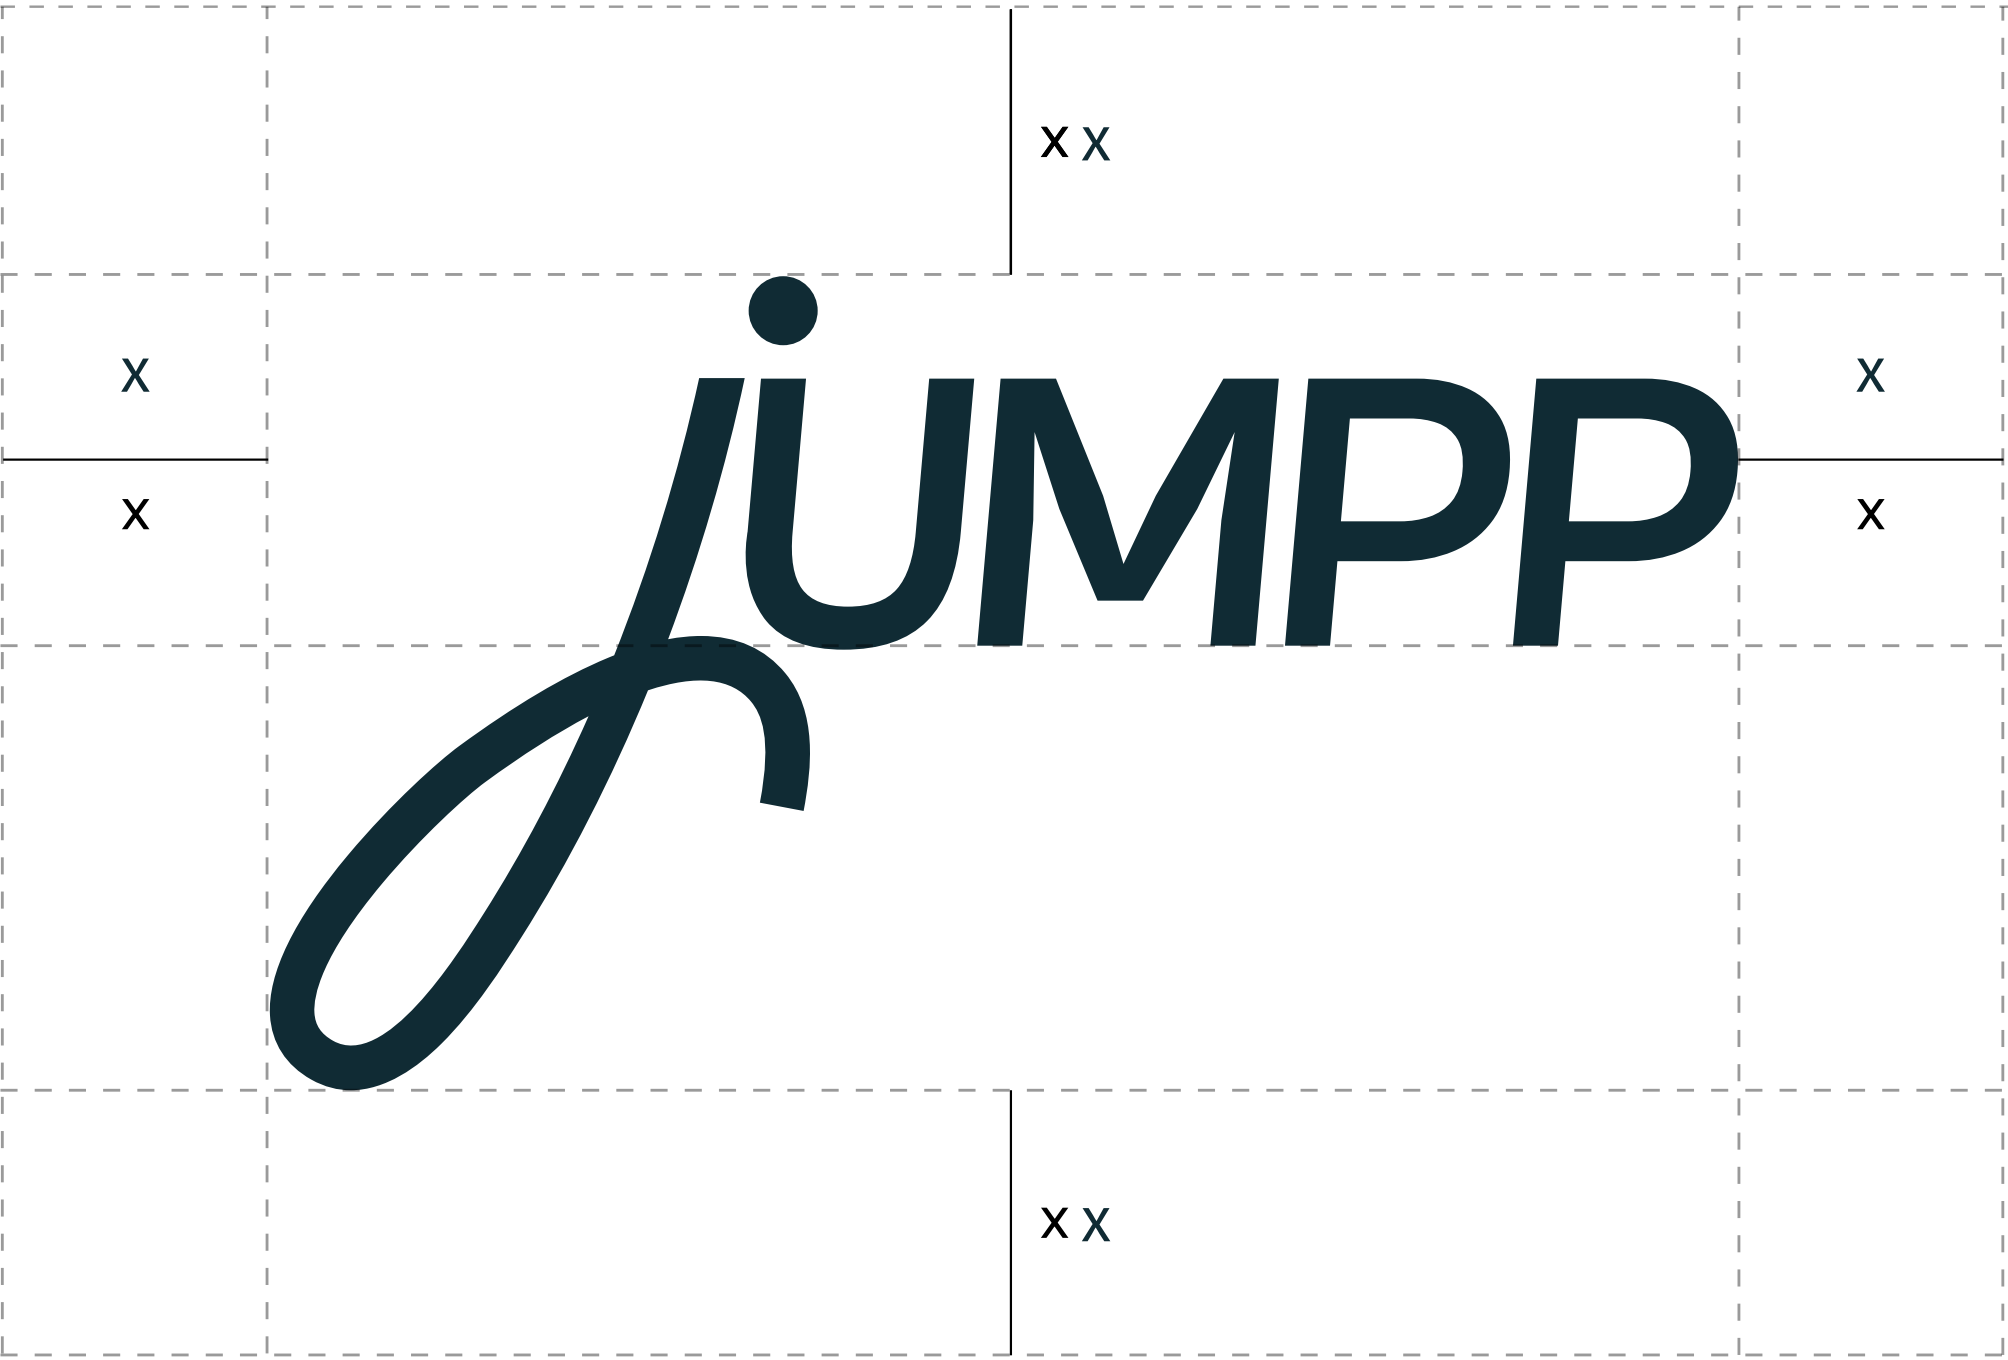

LOGO CLEARSPACE

When using the logo in a design or next to any other graphics, ensure that there is plenty of room left on all sides of the logo.

The clear space (x) marked on the logo is the distance between the logo and any graphic element. Use the height of the title of the exclamation mark as a reference for the appropriate clear space.

Height of “M” = x

Both logos should look equal in height with the width of the logo changing accordingly. The size of the partner logo can slightly increase or decrease depending on the visual balance. However, it cannot pass the construction area threshold.
