Brand Guidelines

Brand guidelines are clearly defined rules and standards that communicate how your brand should be represented to the world. Brand guidelines help businesses ensure consistency and demonstrate what the company is, what it does, and what it stands for.

02

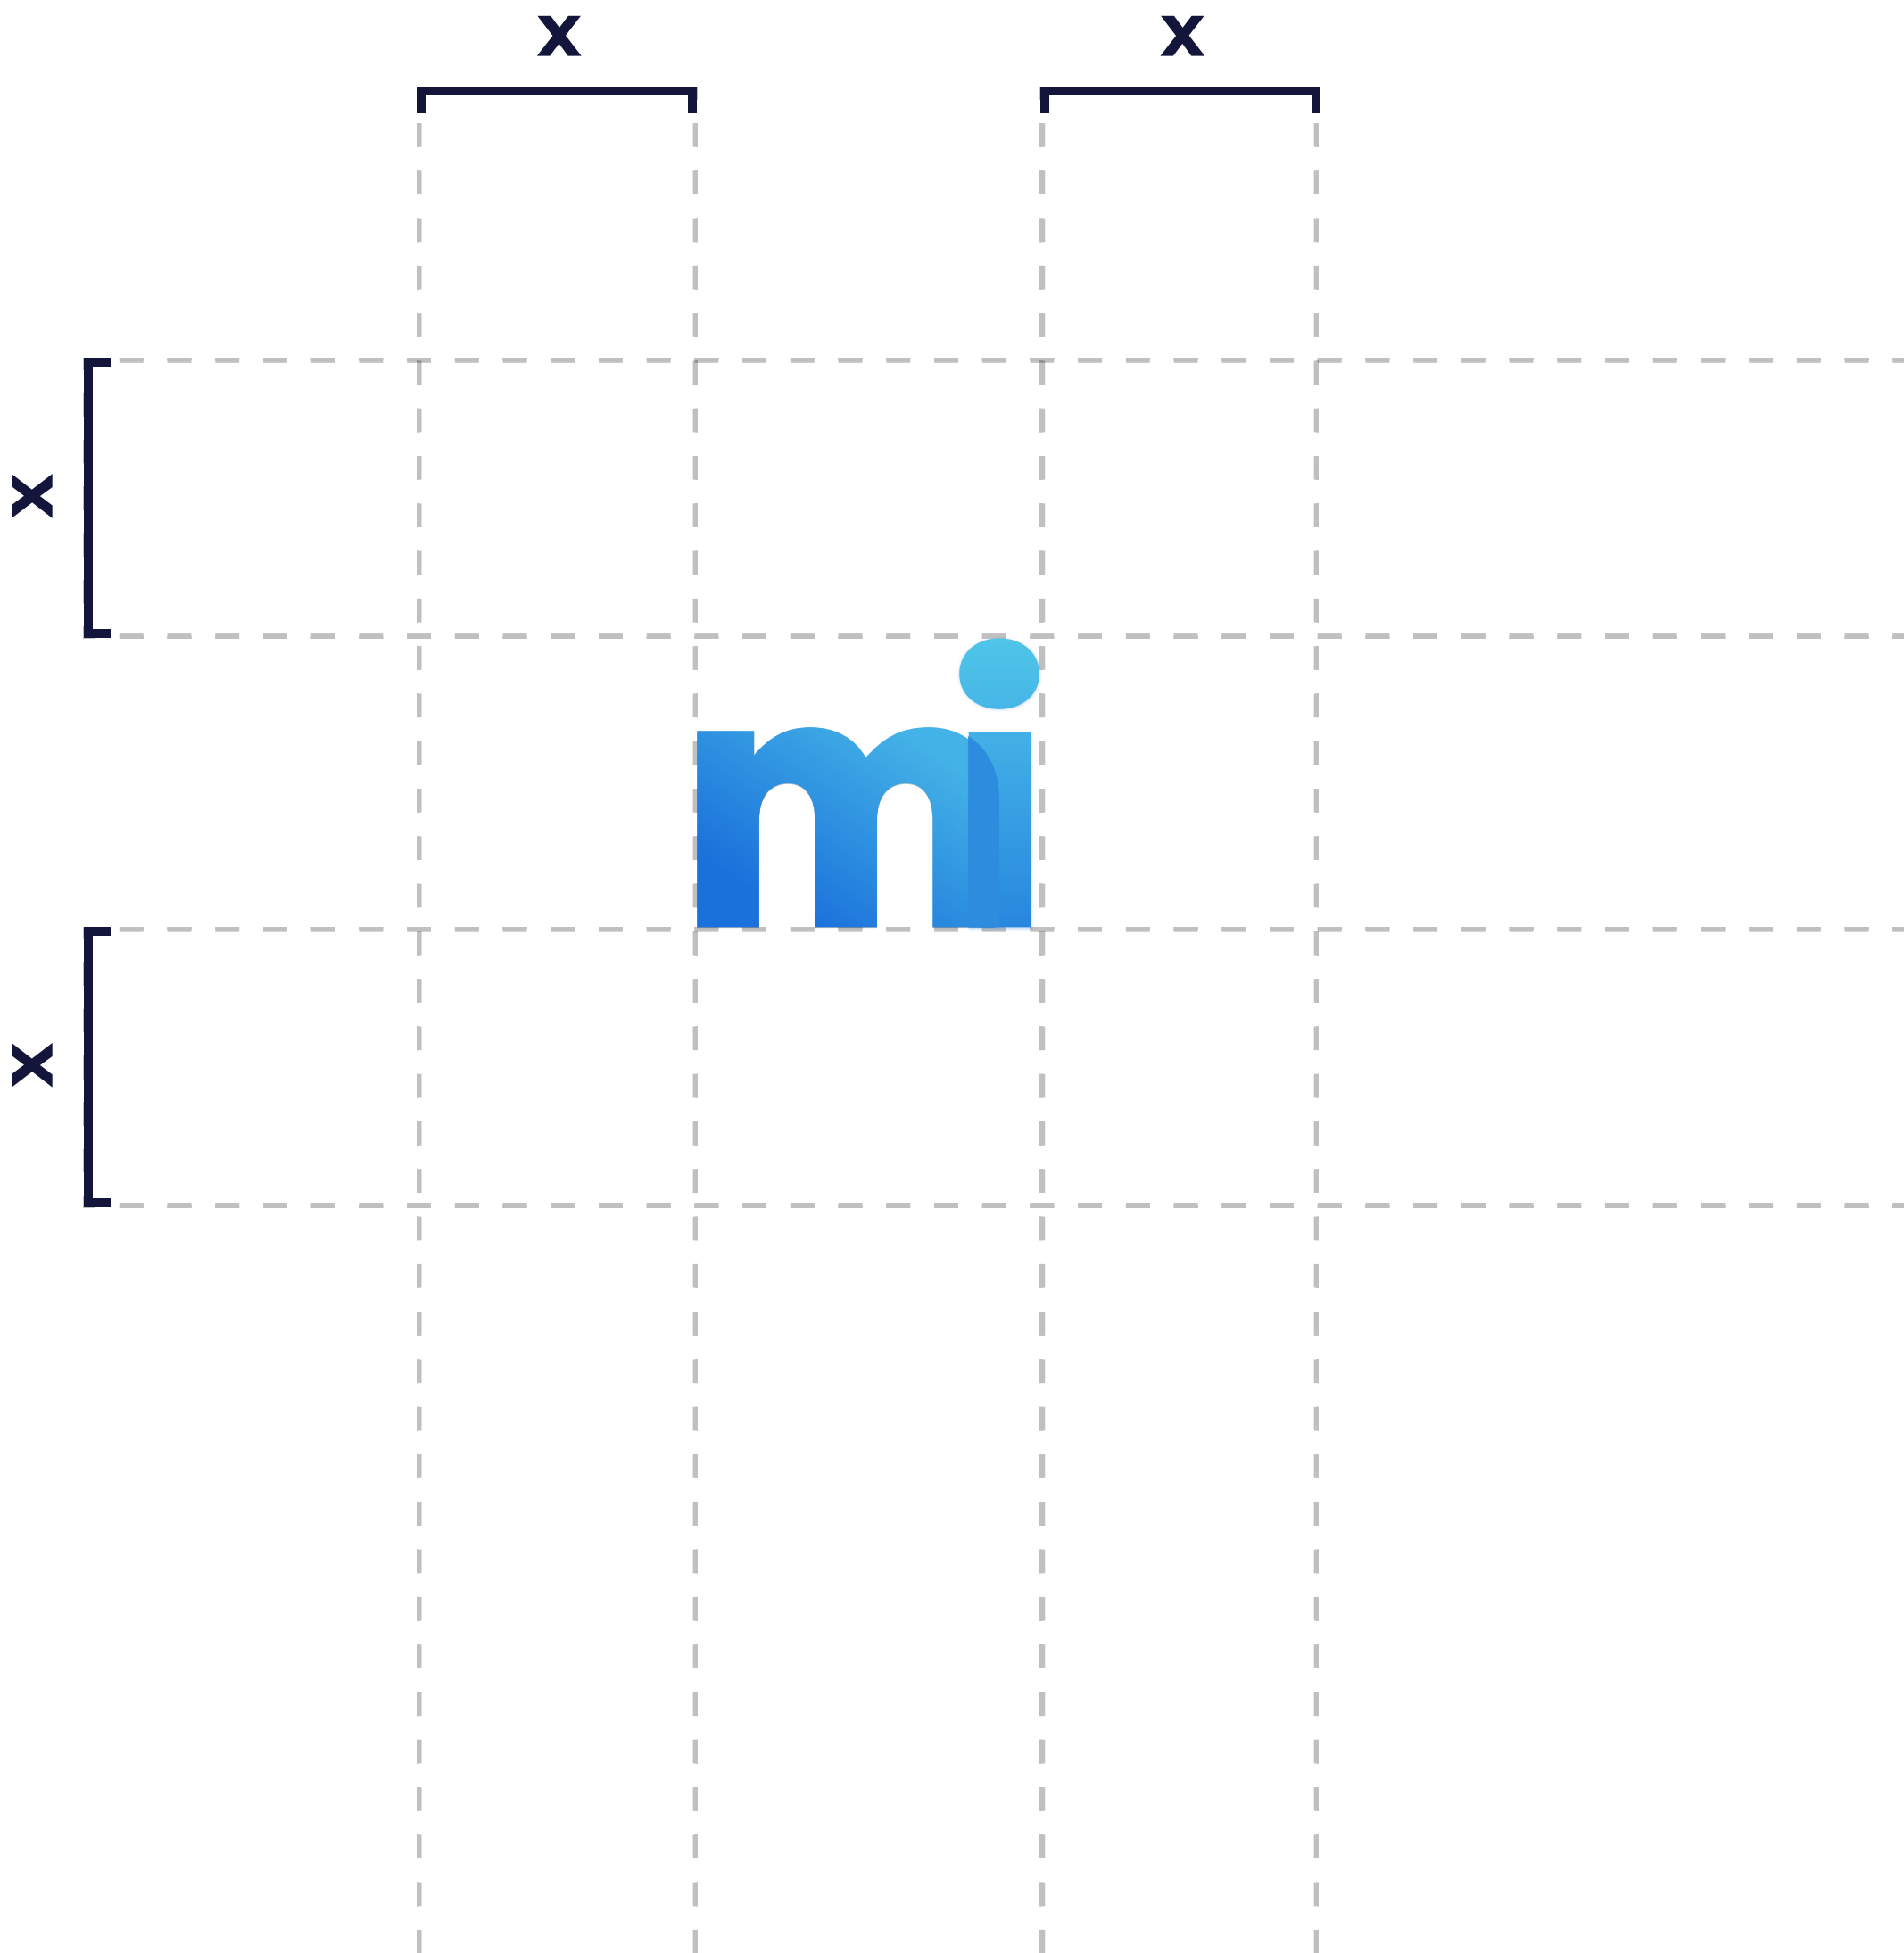

The Logo

The Glyph

Mi Portfolio is the company name and using MIPO and MI will make the brand more representable. Shorter the name, means easier to remember.

Pronounce: MIPO
[em i pee o]
/emipeeo/

Pronounce: MI
[em i]
/emi/

Lockups and Uses

Blue color is the best color for the brand. The industry the brand is going to jump in relatable to finance, bank, transaction and securities. The blue color represent trust, security, and reliance.

Tech companies and Banks use it. For example, Facebook, Twitter, ATNT, Visa, IBM, American Express, Intel

mi

Color Styles

The logo will fit with darker color like Dark Ocean. Muliple colors in the logo make the logo harder to use with color options.

03

Typography

Typography

General sans is more of a finished font and used equal balance between Tech and Modern. Bolder the font, better to grasp the Finance Industry.

General Sans

Brand Colors

Brand Colors

Five primary colors shades that contribute to the brand identity. MIPO is a mixture of 4 brand colors and one dark color to express the alternate option to represent the brand in darker shade.

APP ICON

An app icon is a unique image used to represent an app on a user's device.
