

Hi there

We're so glad you've decided to learn the modern skills that can transform your life. Whether you want to find a more fulfilling career, build something you're proud of, or expand your understanding of the world, we're here to help make it happen.

So from everyone at Codecademy, *welcome!*

Let's start learning

There's no wrong way to begin — just follow your interests. Here are some of our popular (and free) courses to get you started.

Learn how to code

Gain a conceptual foundation for programming.

[Start course](#)

Learn HTML

Build the structure for your web page.

[Start course](#)

Learn CSS

Add power of styles to your web page.

[Start course](#)

Learn JavaScript

Work with one of the most versatile languages.
